

Royal Abuta Plus™

Botanical Names: *Curarea tecunarium*, *Geranium dielsianum*, *Cymbopogon citratus*

Abuta is a woody vine that grows in the rainforests of Peru. Traditionally, Abuta is used to support a healthy blood sugar level and to decrease cravings for sweets.

Supports

- Maintenance of healthy insulin levels while improving glucose tolerance.*
- The Pasuchaca plant in this formula has been shown to suppress blood glucose levels and has blood sugar regulation (hypoglycemic) properties.*
- The citral in Lemon Grass helps maintain optimum insulin levels while improving glucose tolerance.*

Directions for Use

Take 1-2 capsules with breakfast and 1-2 capsules with supper, or as directed by your healthcare practitioner.

Warning: *Keep out of the reach of children. Consult your healthcare practitioner if pregnant or nursing. Not recommended for people with low-normal blood sugar or hypoglycemia.*
