

WILDCRAFTED ROYAL LUCRACO PLUS™

Prostate Health Formula

ROYAL LUCRACO PLUS™ is a powerful blend of wildcrafted herbs demonstrated in clinical practice to help maintain the health of the prostate gland and to support healthy urogenital tract function.*

This formula is for men who are experiencing frequent urination (not due to infection or blockage) or who may be having urinary difficulties due to an irritation or enlargement of the prostate gland.*

There are often dietary factors which contribute to these difficulties including: drinking alcohol, eating spicy foods, and eating excessive amounts of red meat such as beef, pork or lamb.

Men should restrict their intake of the foods described above that may irritate the prostate gland.

To support healthy urination, and a healthy prostate gland, men may take ROYAL LUCRACO PLUS™.

**Supports Healthy
Uro-Genital Tract
Function*
&
Promotes a Healthy
Immune System***

ROYAL LUCRACO PLUS™ Liquid Extract is available in a 4 oz bottle with dropper (29 servings).

YOUR SOURCE FOR FOOD-SOURCED BOTANICALS

Whole World Botanicals® offers the most potent and pure food sources of dietary supplements. The incomparable bioavailability of our super foods and botanical extracts delivers the nutritional support promised by mega doses of synthetic vitamins.

OUR SOCIAL MISSION

Whole World Botanicals® provides consumers with evidence-based, certified organic and wildcrafted botanicals to support the structures and functions of the human body.

We offer economic assistance to native/local herb growers by giving interest-free loans and grants to support organic and wildcrafted production. When possible, we buy directly from these producers, paying a fair trade price. In situations where we have no control over the price, WWB participates in community development projects.

ROYAL LUCRACO PLUS™

ROYAL LUCRACO PLUS™ is a proprietary formula containing **Lucraco** (*Waltheria ovata*) and **Cat's Claw** (*Uncaria tomentosa*).

Waltheria ovata
Lucraco

Lucraco is a South American desert plant whose roots contain the plant actives that provide antioxidant and nutritional support for the human body.

Uncaria tomentosa
Cat's Claw

Cat's Claw is a vine that grows in the mountainous part of the Peruvian rainforest and it is the bark that is generally used for therapeutic purposes.

TRADITIONAL USAGE

Cat's Claw is an unsweetened medicinal tea, which supports the immune system and healthy inflammation in the body.*

The roots of **Lucraco** are boiled in water, sweetened and served chilled as a beverage by the rural population who live in the coastal desert of Peru. Both men and women drink it.

SCIENTIFIC STUDIES AND RESEARCH

Lucraco has been evaluated by plant pharmacologists and naturopathic doctors in Peru since 1990. Clinical studies have shown that this natural product provides effective support for prostate health.*

Clinical studies carried out in Peru found the best way to take this product is indicated by the directions on the bottle. Follow the directions carefully. Some men find that **ROYAL LUCRACO PLUS™** is an effective and powerful way to maintain healthy urogenital tract functioning.

Men have reported a reduction in urination frequency with a stronger and uninterrupted urine flow after one week of taking the formula. They also had decreased difficulty starting urination.*

Clinical practice has shown that it is important to take **ROYAL LUCRACO PLUS™** three times a day for the first month in order to obtain maximum long term benefit. After the first month, it can be taken for only one week out of each month to help promote and maintain healthy prostate function.*

Dr. Robert Atkin's famous New York City clinic found that **ROYAL LUCRACO PLUS™** was far more effective than Saw Palmetto and other therapeutics previously given by the clinic to support prostate health.

ROYAL LUCRACO PLUS™ is a highly effective way to maintain urogenital tract functioning.*

Co-founder, Elena Rojas-Martinez is shown supervising the wildcrafting collection of Lucraco roots in the desert area of Peru.

EXPERIENCES WITH ROYAL LUCRACO PLUS™ PROSTATE HEALTH FORMULA

Frequent Urination

*"When my frequent urination started effecting my sleep, I decided to take action. I tried Saw Palmetto and other remedies, but nothing really helped. After only 8 days of taking **ROYAL LUCRACO PLUS™** 3 times a day, I was able to sleep most of the night straight through, only getting up once at 5 a.m."**

—S.W., 69 year old Retired Businessman, Oakland, CA

Sleep Interrupted through the Night

*"I have been getting up in the middle of the night to urinate for more than 20 years, but recently it has gotten much worse. In the past year, I've been getting up to urinate approximately every hour throughout the night. My life was becoming very difficult with so little sleep. I had my prostate gland checked for cancer and everything was fine. I decided to try **ROYAL LUCRACO PLUS™ Prostate Formula**. Within 10 days I was only waking up twice at night, once at 2 a.m. and again around 6 a.m. I'm very satisfied with this improvement."**

—W.W., 75 year old Medicinal Herbalist, London, UK

Weak or Difficult Urination

*"I've recently gradually noticed that my urinary stream is not as strong as it was a few year ago. I also have difficulty sometimes in initiating the stream. I began taking **ROYAL LUCRACO PLUS™** to provide nutritional support for my prostate gland and urinary tract in order to maintain and improve healthy functioning in this area. I noticed a difference in a week."**

—R.L., 52 year old Executive stock broker, NYC
